ABOUT THE TRAINING

This online 2-day supplemental training will prepare group leaders to adapt the Incredible Years parent group-based model to a one-on-one parent-coach model.

Group leaders who have previously attended a BASIC Parent Group Leader training may register for this online 2-day supplemental training. The Home Coaching model can be used to deliver the entire parenting curriculum or for a make-up session for parents who have missed a group session. The Home Coaching model is a good option if parents cannot attend a group due to schedule conflicts or if there is an extended delay before the next parent group will be offered. This model can also be used as a supplement to the group for parents who need additional coaching with their children. Our online trainings are intended to be highly interactive and collaborative. Attendees should plan for active participation!

! Basic Parent Group Leader Training is a required prerequisite to attend Home Coach training.
